

DR. JIVRAJ N. MEHTA GOVERNMENT POLYTECHNIC, AMRELI

2023-24

Training & Placement Cell

Vision

- Excel as a centre of skill education shaping professionals who honestly attempt for the benefit of society

Mission

- ❑ To impart state of the art knowledge and skill to the diploma students and shaping them to be competent, committed and responsible for the well being of society
- ❑ To apply technology in the traditional skills, so improving the living standard of the society.

About the Institute

- ❑ Established in 1984
- ❑ Functioning under the Directorate of Technical Education Gandhinagar.
- ❑ Affiliated to All India Council for Technical Education and Gujarat Technological University.
- ❑ 4 diploma courses with a total intake of 180 students.

Diploma Courses

Name	Period (Years)	Intake
Civil Engineering	3	30
Electrical Engineering	3	60
Information and Communication Technology Engineering	3	60
Mechanical Engineering	3	30

Program Information

Civil Engineering	Electrical Engineering	Information and Communication Technology Engineering	Mechanical Engineering
Core Subjects			
Surveying, Building Drawing	Polyphase transformer and rotating ac machines	Elements of Electrical & Electronics Engineering	Tool engineering Plant maintenance and safety
Advance surveying	D.C machines and transformers	Web Development Practices	Computer added manufacturing
Building construction	Electrical power generation	Fundamentals of ICT Computer Networking	Industrial management
Building materials	Switch gear and protection	Electronics Workshop for ICT, Database Management System	Manufacturing system
Highway engineering	Maintenance of circuit breaker and transformer	Electronics Devices & Circuits, Digital & Data Communication	Fabrication technology

Program Information

Civil Engineering	Electrical Engineering	Information and Communication Technology Engineering	Mechanical Engineering
Core Subjects			
Estimation costing and valuation	Electrification of building and complexes	Python Programming Java Programming	Thermal engineering Fluid mechanics and hydraulic machines
Water supply and sanitary engineering	Microprocessor and controller applications	Digital Electronics Embedded System	Design of machine element
Design of steel structure	Power electronics Electrical instrumentation	Communication Engineering, Operating System Administration	Manufacturing engineering
Design of concrete structure	Energy conservation and audit, Wiring estimation costing and contracting	Microprocessor & Microcontroller Systems Web Technologies	Estimating costing and contracting
Concrete technology	D.C circuits and A.C circuits	Data Structure and Application	Computer aided design

Library

- Library offers seating capacity of 150 students of different courses and faculties from various departments. Institute has procured more than 8243 Volumes and 2839 titles and number of newspapers.

Facilities

- ❑ Institute has facility to conduct seminar/presentation with audio-visual equipments.
- ❑ Spacious classrooms for conducting the written examination which is an important part of the selection process.
- ❑ For online test, fully equipped computer labs with internet facilities is provided.

Mock placement drive

- As a part of pre placement preparation training & placement cell arrange mock placement drive which contains guidance for resume writing, group discussion, interview and written test.

Mock placement drive

Training & Personality development

- ❑ Education department, Govt. of Gujarat signed MOU with IGTR – Ahmedabad, CIPET – Ahmedabad, iACE - Gandhinagar and NSIC – Rajkot for students training and running IMPACT scheme. Our students also participating in this training.
- ❑ We conducts seminars/expert lectures on interview skill, grooming, resume building and also branch specific seminars on technical subject.

Training & Personality development
